Welcome Notes

As CEO of KEPSA, I take pride in reaffirming our leadership in driving Kenya's economic transformation. Anchored in our 2023-2027 strategy, KEPSA envisions a globally competitive Kenya powered by an export-driven private sector, supported by dynamic public-private partnerships. Our strategy focuses on key competitiveness drivers, including enhancing labor productivity, reducing production costs, and leveraging Kenya's strategic Special Economic Zones (SEZs) such as Dongo Kundu and Konza.

By harnessing our youthful and tech-savvy workforce, fostering green industrialization, and leveraging Kenya's strategic infrastructure, we are addressing regional disparities and creating sustainable growth opportunities. Together, we aim to deliver on the Kenya Global Competitiveness Agenda, positioning Kenya as a leading trade and investment hub while building an inclusive, resilient, and prosperous economy.

Ms. Carol Kariuki
CEO - KEPSA

Dr. Jas Bedi
Chairman- KEPSA

As Chair of KEPSA, I am proud to reflect on our impactful leadership in advocacy, job creation, and economic development. KEPSA has been at the forefront of driving transformative policies that have propelled Kenya's progress, exemplified by our remarkable rise in the Ease of Doing Business Index from 136th in 2015 to 56th in 2020. Anchored in the National Business Agenda IV (2023-2027), we have championed initiatives that address high production costs, enhance SME competitiveness, and foster sustainable growth across key sectors such as agriculture, manufacturing, and tourism. By strengthening public-private partnerships and advancing macroeconomic stability, KEPSA continues to lead efforts that create jobs, uplift communities, and position Kenya as a globally competitive trade and investment hub. Together with our stakeholders, we remain committed to building an inclusive and prosperous future for all.
